Yeah, just like that

When I'm with you, I hear a sound
That makes me laugh and smile and sing to you
When I'm with you, I feel so free
I love that love is going to take control of me

When I'm with you
It's for real what I feel
When I'm with you

When I'm with you, I wonder why
People do stop and stare and smile at us
When I'm with you, the sun shines my way
Baby, our love reflects its rays of light on everyone in
the world

When I'm with you
It's for real what I feel
When I'm with you

Special touch, a warm embrace
A sweet and tender is, your smile
Body warm my heart, so pure
Chills when I look, look in your eyes

I wonder why people do stop and stare and smile at us
When I'm with you, the sun shines my way
Baby, our love reflects its rays of light on everyone in
the world

When I'm with you
It's for real what I feel
When I'm with you

Oh, girl I love you, baby
Yes, I do, Yes, I do
I'd give the world to you, baby oh, yeah

When I'm with you
It's for real what I feel
When I'm with you

Everything, every thing's alright
When I'm with you
It's for real what I feel
You're heavy on my mind

It's okay, gonna pray every day
It's so nice, so right now
When I'm with you, nobody but you
Honey, I love you, yeah, oh
