You can win the fight, you can grab a piece of the sky
You can break the rules but before you try
You gotta love someone, you gotta love someone

You can stop the world, steal the face from the moon
You can beat the clock, but before high noon
You gotta love someone, you gotta love someone

You've got one life with a reason, you need two hearts
on one side
When you stand alone and there's no one there
To share the way you feel inside and baby

Let them cheat the devil and slice a piece of the sun
Burn up the highway but before you run
You gotta love someone, you gotta love someone

When you're gonna play with fire you let someone
share the heat
When you're on your own and there's no one there
To cool the flames beneath your feet and baby

You can burn the fire, you can grab a piece of the sky
You can break the rules but before you try
You gotta love someone, you gotta love someone

You gotta love someone
You gotta love someone
You gotta love someone
