(Ohh) (Yeah yeah)

Admit it, we're finished
You don't want me no more (No)
Like a night mare, I lived it
It was too big to ignore (Ooh)
I hear the sirens but they pass me by.
My hazard lights are flashing, somebody, anyone

HELP cause it's an emergency.
Someone just wounded my heart.
So HELP, it's like a bad surgery and now it's time to
recharge.
I'm starting over taking,

One, two, baby steps.
Three, four, baby steps.
Five, six, baby steps.
I'm starting over again.

Abandoned, yeah I'm crying.
It's like you left me for dead (So dead, so dead)
I'm so broken, my love's frozen.
How do you live with regrets (Oh woah)
I see the memories flash before my eyes.
My tank is running empty, somebody rescue me.

HELP cause it's an emergency.
Someone just wounded my heart.
So HELP, it's like a bad surgery
And now it's time to recharge.
I'm starting over taking,

One, two, baby steps.
Three, four, baby steps.
Five, six, baby steps.

I'm starting over taking,
One, two, baby steps.
Three, four, baby steps.
Five, six, baby steps.

I'm starting over again.

It's unexplainable
Kind of and unattainable
When the person you love aint enough.
I feel so pitiful
Look at my face you'll know the pain is in my eyes.
I need some, help.

HELP cause it's an emergency.
Someone just wounded my heart.
So HELP it's like a bad surgery and now it's time to
recharge.
