Hey girl,
You know you've got
The key to my city.
I think you look pretty,
I wish you was my girl.

I know you need a man,
And I get it.
Tell me to deal with it.

Oh Girl I wanna,
Talk a little
Get with you a little
Get to know a little bit
More about each other miss thing.

You, You got what I need
So what would it take for your love...

Your love
I need a love like this,
So love,
I want a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

I need a love like this,
So love,
Give me a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

Hey Girl,
Just tell me how you feel
Are you in this?
Tell me you're really down
With a guy like me girl

I'm in it just to win it

And I mean it
Could you be my baby my baby

Can we talk a little
Can we chill a little
Get to know a little bit
More about each other miss thing.

You, You got what I need
So what would it take for your love...

Your love
I need a love like this,
So love,
I want a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

I need a love like this,
So love,
Give me a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

I need you, You need me
I'm thinking,
That maybe this could be it
This could be love
This could be my... Future. Ohh...

Love
I need a love like this,
So love,
I want a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

I need a love like this,
So love,
Give me a girl like this,
To love
Someone to really miss.
Her love is enough enough of love.

Love
I need a love like this,
So love,
I want a girl like this,

To love
Someone to really miss.
Her love is enough enough of love.
