Can't nobody love you, baby,
Like I'm loving you right now
'Cause they don't know how to love you like I do
And can't nobody talk to you, babe,
Like I'm talking to you right now.
I just don't know how to talk to you like I said I do.

I'm gonna love you in the morning,
I'm gonna love you through the night
And I won't stop loving you, baby,
'Cause this way everything's alright.

Can't nobody love you
Like I'm loving you right now.
They just don't know how to love you like I do.

And, oh love,
Can't nobody kiss you, baby,
Like I'm kissing you right now.
I just don't know how to kiss you like I said I do.

And can't nobody,
Oh, can't nobody love you,
Can't nobody squeeze you,
Can't nobody kiss you like I do,
I just don't know how to talk to you like I said I do.

Now some guys make eyes at you
But they don't do it all the time,
Believe me,
I'd never do it, baby,
But, you know,
No one's on my mind.

Can't nobody love you
Like I'm loving you right now
'Cause they don't know how to love you like I do.

Yeah,
Children speak to me,
Talk...

I'm gonna love you in the morning, baby,
And I'm gonna love you through the night.
I won't stop,
I won't stop loving you, babe,
'Til everything's alright.

Can't nobody love you
Like I'm loving you right now
'Cause they don't know how to love you,
Don't know how to love you like I do.

Oh baby, yeah.
Yeah, 'cause they don;t know how,
They don't know how to love you
Like I said I'll do,
Oh yeah.
