Do you remember long ago?  
And how we loved when we were children?  
Let's be like children,  
This Christmas time.

And if you say that you'll be mine,  
Then all the stars will shine around us.  
Love will surround us,  
This Christmas time.

Ahhhhhhha  
Ahhhhhhha

I don't need a reindeer!  
I don't need the snow!  
Tell me you love me,  
And I'm ready to go!  
Out of the darkness!  
Into the light!  
This is the Christmas where we make it alright!  
Make it alright!

I hear you talking in my dreams,  
Of nights of love  
and days of wonder!  
I still remember,  
Each Christmas time

So if you see me on the streets  
No need to ask me what would please me  
It's your love believe me  
This Christmas time

Ahhhhhhha  
Ahhhhhhha

I don't need a reindeer  
I don't need the snow  
Tell me you love me,  
and i'm ready to go  
Out of the darkness

Into the light  
This is the Christmas where we make it alright

Yeah!  
Dont need the snow  
Yeah!  
I'm ready to go

This is the season of beauty & light  
Love, love we can make it alright  
make it alright

Don't need a reindeer  
Don't need the snow  
Tell me you love me  
and i'm ready to go  
OUT of the darkness  
Into the light  
This is the Christmas where we make it alright

Yeah!  
People will sing  
Sing of good new life and the joy it will bring  
This is the season of beauty & light  
Love, love we can make it alright

Yeah!  
Love love we can make it alright  
Cause all the world over people will sing  
Yeah!  
The joy it will bring.
