The summer sun is fading  
As the year grows old  
And darker days are drawing near.

The winter winds will be much colder  
Now you're not here.

I watch the birds fly south across the autumn sky  
And one by one they disappear.

I wish that I was flying with them  
Now you're not here.

Like the sun through the trees you came to love me  
Like a leaf on a breeze you blew away.

Through autumns golden gown we used to kick our way  
You always loved this time of year.  
Those fallen leaves lay undisturbed now

Cause you're not here.  
Cause you're not here.  
Cause you're not here.

Like the sun through the trees you came to love me.  
Like a leaf on a breeze you blew away.

A gentle rain pours softly on my weary eyes.  
As if to hide a lonely tear.  
My life will be forever autumn

Cause you're not here.  
Cause you're not here.  
Cause you're not here.
