Blasting, billowing, bursting forth  
With the power of ten billion butterfly sneezes  
Man, with his flaming pyre  
Has conquered the wayward breezes

Climbing to tranquility  
Far above the clouds  
Conceiving the heavens  
Clear of misty shroud

Higher and higher  
Now we've learned to play with fire  
Go higher  
And higher  
And higher

Vast vision must improve our sight  
Perhaps at last we'll see an end  
To our own endless blight  
And the beginning of the free

Climb to tranquility  
Finding its real worth  
Conceiving the heavens  
Flourishing on earth

Higher and higher  
Now we've learned to play with fire  
Go higher  
And higher  
And higher
