"Hope And Pray"

I see the headlights
Shining on the wall.
It seems I've got a visitor
Who is kind enough to call
And I hope and pray
Every day,
I hope and pray it's you.
I thought I heard some footsteps
On the floor
And tell me I am dreaming
Or is someone at the door
'Cos I hope and pray
Every day,
I hope and pray it's you.

Autumn turns to winter
And winter turns to spring.
I only know the passing of the days
And if you were to ask me
About the meaning of my life
It kind of lost its meaning
On the day you went away.
You know that when it comes
To matters of the heart
I thought I had it covered
But it's tearing me apart
And I hope and pray
Every day,
I hope and pray it's you,.

Autumn turns to winter
And winter turns to spring.
The summer sun still lingers
In my head.
If it wasn't for the letters
That you wrote me from the heart
I'd sometimes wonder, baby,
If I dreamed it all instead.
You see I've got to feel your hand
Upon my face.
I need to get the calling

To rejoin the human race
And I hope and pray,
Every day,
I hope and pray it's you.
