Woke up today  
I was crying  
Lost in a lost world  
So many people are dying  
Lost in a lost world

Some of them are living an illusion  
Bounded by the darkness of their minds  
In their eyes it's nation against nation against nation  
With racial pride  
Sad hearts they hide  
Thinking only of themselves  
They shun the light  
They think they're right  
Living in their empty shells

Oh, can you see their world is crashing?  
Crashing down around their feet  
Angry people in the street  
Telling them they've had their fill  
Of politics that wound and kill

The seeds of evolution  
Revolution never won  
It's just another form of gun  
To do again what they have done  
With all our brothers' youngest sons

Everywhere you go you see them searching  
Everywhere you turn you feel the pain  
Everyone is looking for the answer  
Well look again, come on my friend  
Love will find us in the end  
Come on my friend  
We've got to bend  
Down on our knees and say a prayer

Oh, can you see the world is pining  
Pining for someone who really cares enough to share  
his love  
With all of us, so we can be

An ever loving family

Have we forgotten we're all children?  
Children from a family tree  
That's longer than a centipede  
Started long ago when you and I  
Were only love

Woke today, I was crying  
Lost in a lost world  
So many people are dying  
Lost in a lost world  
So many people, so many people  
Lost in a lost world  
So many people, so many people  
Lost in a lost world
