Fairy tales sometimes come true,  
Use fairy dust and pixie glue  
Then all the love will stick to you  
My little lovely.  
Always believe and never doubt  
That wizards cast their spells about.  
There's such a lot, you won't lose count  
If you look closely.

Ripples are like dreams  
Searching for the shore.  
Poured together, make oceans roar,  
Night visions make spirits soar  
So choose one wisely.

Not all angels can grow wings,  
They seem to soar by other means.  
You can fly, although it seems  
A little slowly.

Fairy tales sometimes come true,  
Use fairy dust and pixie glue  
Then all the love will stick to you  
My little lovely.

Ripples are like dreams  
Searching for the shore.  
Poured together, make oceans roar,  
Night visions make spirits soar  
My little lovely.
