"Say It With Love"

I've been thinking
The way people do
'Bout the things that matter
To me and you.
I've decided
To do what I can
And to find the kind of man
I really am.
I can see
The world from here
And it sometimes makes me
Want to disappear
Back to nature
And where we belong
And with just one truth I've found
You can't go wrong

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love.

I remember
Along time ago
When I heard those guitars
That I worship so
I was captured,
I wanted to say
And to hear that kind of music
Everyday.

Heard the songs
Around the world,
Saw the smiling faces
On the boys and the girls.
I was destined
To play come what what may
And there's just one thing
I knew I had to say:

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love.

Underneath
A sea of doubt
There's a million voices shouting
"Let me out, let me out".
When we go
We never return
'Cos there's just one lesson
That we've got to learn

Wherever you go
Whatever you do
Whatever you say
Say, say, say
Say it with love.
Say it with love.
Say it with love.
Say it with love.
Say it with love.
