I can hear the music playing  
I can hear the word that you're saying  
I can see the lovelife in your eyes  
What's the use in looking for an answer  
I might find out  
It could be a disaster  
Hold on to your own time  
Don't let go  
Don't let go

I'm sitting at the wheel  
Watching the river roll roll on by  
Sitting at the wheel  
Don't let the river run dry

I can see your face on a piece of tomorrow  
I'll hang my dream on a road I can follow  
I gotta touch the warmth of your love  
NOT gonna take a chance a  
Change of direction  
Gonna keep on rolling till I find the connection  
Hold on to your lifeline  
Don't let  
Don't let go

Sitting at the wheel  
Watching the river roll roll on by  
Sitting at the wheel  
Don't let the river run dry  
I'm sitting at  
I'm sitting at the wheel

Like a voyeur standing at the edge of time  
Looking for a reason  
That's got no rhyme  
Love took a corner  
Shot off for a mile  
Rock on --- rocker

I can hear the music playing  
I can hear the word that you're saying

I can see the lovelife in your eyes  
Ain't no use in looking for an answer  
I might find out  
It could be a disaster  
Hold on to your own time  
Don't let go  
Don't let go

I'm sitting at the wheel  
Watching the river rock and roll on by  
Sitting at the wheel  
I am just sitting  
I'm just sitting at the wheel  
I'm just sitting at the wheel  
Watching the river roll by  
Rock and roll by  
Sitting at the wheel  
I am just sitting  
Sitting at the wheel  
If you're sitting at the wheel  
Watch the rocker roll by
