Talking, talking
It doesn't really matter
If you know my name
It doesn't really matter
If you see things the same
As I do
It doesn't even matter
If I'm tied and tense
It doesn't even matter
If I'm still making sense
Over you
I'm just talking, talking
Talkin, talking
Cos I'm only talking, talking
Talking, talking

It doesn't matter
What the people
All around you say
Be careful how
You listen
They don't know you
The way that I do
And if you wanna
Talk about it baby
That's alright
It's better if I say it
Than to sit down
And write it to you
I'm just talking, talking
Talkin, talking
Cos I'm only talking, talking

It can be that
You're here with me
When I'm standing out
On my own
The words of love
That you gage
When we were alone
It doesn't matter

If you want to
Rock and roll all night
I know you're gonna
Be there when the
Feeling is right
The feeling is right
The feeling is right
I'm just talking, talking
Talkin, talking
I'm just talking, talking
Talkin, talking
You know I'm just
Talking, talking, talking, talking
