The sun and moon every day
Day and night mark my play
See the future in the past
Try to change or make it last
Go for broke don't regret
Get your hands dirty get you feet wet
Take your place use me well
I'm in your hands so make me tell
A broken dream seems unkind
But I can help for I am time

I can heal you
It's not a matter of slight
Only of sound
Let me... feel for you
Feel for yourself
The love all around
I can... lead you
Is you soul afraid
Of what you've made
Do you know the way
the spirit goes

All around on the wind
Distant whispers of what I bring
In the day in the night
Locked in the words of lovers delight
If I'm lost or mislaid
Just keep looking don't be afraid
In the eye on the mind
I'm everything and yours to find
I'm not far just discover
I'm in you for I am love

I can heal you
It's not a matter of slight
Only of sound
Let me... feel for you
Feel for yourself
The love all around
I can... lead you

Is you soul afraid
Of what you've made
Do you know the way
the spirit goes
