"Under Moonshine"

The dawn crept into my room
And stole my dream
Now I'll never know
Just what it means
Or what could have been
Yet still I try to lie
But I'm seen

Under moonshine that's where I've been
Under moonshine I'm clearly seen
Under moonshine that's where I've been
Under moonshine I'm clearly seen

Creator of dreams that melt with the sun
I'll send you the things this man has done
He was a saint and a sinner rolled in one
But I miss now that he's gone
I sure miss him now that he's gone

Sure I feel the pain
Deep inside I pour like rain
Remember when you smile
Love's in your eyes

The world keeps turning
The grass still grows green
The fruit on my tree
Is the biggest you've ever seen
Which way up you know when you're down
They've gotta stand tall
With your feet on the ground
You must stand tall
With your feet on the ground

Or maybe I'm crazy
Also they say I'm lazy
But I'll have my days
When I do as I please
For you won't see the woods
While you're a tree
No you'll never see the woods

While you're a tree

Yes I'm crazy

Also they say I'm lazy

But I'll have my days

When I do as I please

You won't see the woods

While you're a tree

No you'll never see the woods

While you're a tree
