I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

It's so stupid I'll
get a serious heart attack
if you and my friend
go well go do (?)
It's a gun in my mouth
and the sun in her eyes
it's the song that I wrote
just to tell her hello

It's the love that I lost
and my ... thoughts
in my room, yeah I mean go too loud
it's the same
I'd die her a song
they don't want me, it's ok
it's the way that push her
to come back and stay

I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

It's so stupid I'll
get a serious heart attack
if you and my friend

go well go do(?)
It's a gun in my mouth
and the sun in her eyes
it's the song that I wrote
just to tell her goodbye

It's the love that I lost
and my ... thoughts
in my room, yeah I mean go too loud
it's the same
I'd die every song
if they don't want me, it's ok
it's the way that push her
to come back and stay

I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

I'm crazy about this girl
as far as I know she is crazy for me
But I'm crazy and this girl
as far as I know she's more crazy than me

and much interesting songs
in my room, yeah I mean go too loud

I'd die every song
if they don't want me, it's ok
it's the way that push her
to come back and stay
