Vodka

Na zdarovye!Na zdarovye!

The hunt is still on
Here in Gorkiy Park
I'm in Danger Zone
Everywhere is pitch dark
I'm running away
To a blanket of snow
"Spy 1 to Spy 4 I've deciphered the code"

VODKA that's the secret word
VODKA and they want it so bad
VODKA I've deciphered the code
Got a rush in the head VODKA
A transparent word

Na zdarovye!- -Na zdarovye!

Cold blood drums within
They breathe down my neck
Spy 1 to Spy 4 we just have to connect
Their footsteps are near
Closing in for the kill
My pulse has gone dead
With a heart-racing chill

VODKA that's the secret word
VODKA and they want it so bad
VODKA I've deciphered the code
Got a rush in the head VODKA
A transparent word

Na zdarovye!- -Na zdarovye!
