(V1)

Admit it, we're finished  
you don't want me no more(ohh)  
like a nightmare I lived it,  
it was to big to ignore(ohh)  
I hear the sirens but they pass me by  
my hazard lights are flashing somebody, anyone

(pre-chorus)

HELP!'cause it's an emergency  
someone just wounded my heart(heart)  
SO HELP! it's like a bad surgery  
and now it's time to recharge

(chorus)

starting over taking  
one, two, babysteps  
three, four, babysteps  
five, six, babysteps  
starting over again

(V2)

Abandoned, yeah I'm crying  
It's like you left me for dead(so dead, so dead)  
I'm so broken, my love's frozen  
how do you live with regrets(ohh woah)  
I see the memories flash before my eyes  
my tank is running empty  
some body rescue me

(pre-chorus)

HELP!'cause it's an emergency  
someone just wounded my heart(heart)  
SO HELP! it's like a bad surgery  
and now it's time to recharge

(chorus)

starting over taking  
one, two, babysteps  
three, four, babysteps  
five, six, babysteps  
starting over again

(V3)

It's unexplainable, kind of and unattainable  
When the person you love ain't enough  
I feel so pitiful, look at my face you'll know  
the pain is in my eyes  
I need some, help!

(Chorus)

starting over taking  
one, two, babysteps  
three, four babysteps  
five, six, babysteps  
starting over taking  
one, two, babysteps  
three, four, babysteps  
five, six, babysteps  
starting over again
