I'm reaching,  
I'm reaching for the love I lost tonight  
& I Don't know why  
You're right here, you're right here But you seem so out  
of sight  
It's messing with my mind

You used to breathe with me  
You once believed in me  
But now I'm incomplete  
Thought we were meant to be

Where did you go?  
Where did you go?  
Where did you go?  
You vanished  
Where did you go?  
Where did you go?  
Where did you go?  
You vanished (vanished)

I'm wondering  
Something that you said would never die  
Has lost it's life  
It's fighting  
Thinking how I opened up to you  
But now it's turning to

We were the best of friends  
That's why this pain won't end  
And this is killing me  
Thought we were meant to be

Where did you go?  
Where did you go?  
Where did you go?  
You vanished  
Where did you go?  
Where did you go?  
Where did you go?  
You vanished

You're just like a magician  
Wave your wand, now your missing  
Where'd you go?  
Where'd you go?  
Where'd you go?  
Wish I could bring us back  
Just who could picture it  
But it's too late for that

Where did you go?  
Where did you go?  
Where did you go?  
You vanished  
Where did you go?  
Where did you go?  
Where did you go?  
You vanished  
Where did you go?  
Where did you go?  
Where did you go?  
You vanished  
Where did you go? (go,go,go,go)  
Where did you go? (you vanished)  
Where did you go? (go,go,go,go)  
Where'd you go?  
Where'd you go, go, go?  
Where did you go?  
(Vanished)  
Where did you go?
