In all the time we'd waste, we run we cannot stay.
It faded all away... Cocaine! Bloodstained!
Choking on the back of her throat.
Have you gone insane?
This line is another way out!

Said So!
The sweetest voice sings the Siren's song!
I'm setting myself up, these cuts won't heal... (Breaking
the seal)
A benefit, a counterfeit, in these moments I try to
understand what's real...
Maybe I'll just take my time getting through these lies.
When attitude has altitude, I won't run to you, your
love's so outta tune.
October cold can't bring us close it seems, (You
already know!)
It's you I know, it's you I chose, but I don't know, (What
you want from me)
So saddle up, I won't be your crutch, you ask too much.
But you don't know what is coming.
You have no idea what we have in store for you!
