I forget
The taste of
The smell on your skin
And I never dreamed
That I'd see you again

Love or dreams?
I can't decide
There's nothing more for me to say
I wish I never had to compromise

We'll fade away together
Fade away together

I ache to hear your whisper
As my lips let out a lonesome sigh
For you
When I come back to you we lay
Rediscovering the days when we first found out
That we fit together perfectly

Love or dreams?
I can't decide
There's nothing more for me to say
I wish I never had to compromise
We'll fade away together
Fade away together
Cause I can't stay forever
I can't stay forever
We will fade, we will
Fade away together
Fade away together
We will fade, somehow
And I can't stay forever
I can't stay forever
We will fade
Are you okay?

Love or dreams?
I can't decide
I wish I never had to compromise

We'll fade away together
Fade away together
Cause I can't stay forever
I can't stay forever
We will fade, we will fade
We will fade, we will fade
We will fade, we will...
