Come to my house (I can come to your house),
And you can knock on my door (And I can knock on
your door),
And then I'll let you inside (And then you'll let me
inside),
I really like what you wore (I really like what you wore)

Electricity, and then I see you with your (Beep),
then my body starts to (Swim),
But It doesn't really matter
Because in fifteen minutes we will both be getting it
on, getting it on,
We'll be getting it on, getting it on

Sit on the couch (And I'll sit on the couch),
And I'll turn the TV (We turn on the TV),
And when you pass the remote (And when I pass the
remote),
Your hand brushes my knee (My hand brushes your
knee)

Electricity, and I can't catch my (Breath),
And it's like a little (Test),
But it doesn't really matter
Cause now we both know we will totally be getting it on,
getting it on,
We'll be getting it on, getting it on,
We'll be getting it on, getting it on,
Now we're getting it on, getting it on

Oooo (Getting it on) we are getting it on
Getting it on, getting it on, now we're getting it on

You tasted my mouth (You tasted my mouth),
How I've waited so long (How I've waited so long),
And I know it feels right (And I know it feels right),
But I was told it was wrong (But I was told it was wrong)

But it doesn't really matter,
We're forever getting it on, getting it on,
Now we're getting it on, getting it on,

And we're getting it on, getting it on,
Now we're getting it on, getting it on,
Now we're getting it on, getting it on,
Now we're getting it on, getting it on,
Now we're getting it on, getting it on
