"Kiss And Make Up"

Visit "[Kiss And Make Up](#)" on MotoLyrics.com

Suddenly you make me see
How much you really mean to me

Physical
This is physical
Physical
I don't wanna talk about it

Physical
This is physical
Purely physical
I wanna kiss and make up

I didn't treat you right
And it hurts me more than I can ever say
I need your love tonight, oh yeah
I'm sure you wouldn't want it any other way

We used to play the fool, oh oh oh
Way back when we were two kids too smart to break the
rules
How come I didn't see
That you were making plans that were including me

I don't wanna talk, I wanna kiss and make up
Let's not waste any time, I wanna kiss and make up
I never thought you were a lover next to being a friend
And tomorrow when we wake up, we make up again

Physical
I don't wanna talk about it
Physical
I wanna kiss and make up

Baby, I like your style
I love the way you dress and love the way you smile
I knew I loved you from the start
Once I listened to my foolish book of heart

I don't wanna talk, I wanna kiss and make up
Let's not waste any time, I wanna kiss and make up

I never thought you were a lover next to being a friend
And tomorrow when we wake up, we make up again

No, no
I don't wanna talk, I wanna kiss and make up
Let's not waste any time, I wanna kiss and make up
I never thought you were a lover next to being a friend
And tomorrow when we wake up, we kiss and make up
again

I really have to apologize
Just tell you the truth
No more sleazy lies or alibis
I've been running away from you
Look what a foolish girl can do-ooh-ooh-ooh

I don't wanna talk, I don't wanna talk, no no
I don't wanna talk, I wanna kiss and make up

I don't wanna talk, I wanna kiss and make up
Let's not waste any time, I wanna kiss and make up
I never thought you were a lover next to being a friend
And tomorrow when we wake up, we make up again

No, no
I don't wanna talk, I wanna kiss and make up
Let's not waste any time, I wanna kiss and make up
I never thought you were a lover next to being a friend
And tomorrow when we wake up, we make up again

No, no we kiss and make up again

*kiss
