Let me take you to a place

Where sense all white

The ocean blue

Me and you

And summer can do

With your lovely dovely sunny funny face

I love you

Me and you

And summer can do

Singing hey na na

Ho na na

Hey na na

Ho na na

Hey na na

Hoo

Hey na na

Ho na na

Hey na na

Hoo

From the moment that we met

Oh boy I can't forget the way you smile oh no

Let me tell you

I will feel to fall in love

I'll always heal

I like your style

Me and you

And summer can do

With your lovely dovely sunny funny face

I love you

Me and you

And summer can do

Singing hey na na

Ho na na

Hey na na

Hoo

Hey na na

Ho na na

Hey na na

Hoo

Hey na na

Ho na na

Hey na na

Hoo

Let me take you to the sea

I wanna make love with you baby

All night long

Oh yeah

Let your body flow

I love you so

This can't be wrong

Me and you

And summer can do

With your lovely dovely sunny funny face

I love you

Me and you

And summer can do

Singing hey na na

Ho na na

Hey na na

Hoo

Me and you

And summer can do

With your lovely dovely sunny funny face

I love you

Me and you

And summer can do

Singing hey na na

Ho na na

Hey na na

Hoo
