I'm in the blue up here in my room  
What can I do, if you're not coming soon  
We gotta talk I think we got a right, why do you stay out  
all night  
You're on the run but you cannot hide, what have you  
done  
I know deep down inside  
The little boy wants to be a man, Just as well don't  
understand

You've been talking in your sleep, it's time you knew I  
know  
Baby the secrets that you keep, oh they really hurt me  
so

CHORUS: Don't hurt me please don't hurt me  
Come on now don't let go, don't hurt me, don't desert  
me  
There's something you should know

And if it's so that you're on my side  
I'd like to know, why you're out all night. This can't go  
on  
I don't need your lies, so listen up and be surprised  
yeah  
Maybe one day you will see, we all make mistakes  
But there won't be another me, the day your heart will  
break

CHORUS

You've been talking in your sleep, it's time you knew I  
know  
Baby the secret that I keep, Is about to show  
Dee dee dee dee dee dee dee dee Dee dee dee  
dee dee dee dee dee dee  
There's something you should know

CHORUS
