If you feel, love's an illusion
I won't hold you down
Do you feel, you're lost in confusion
With no hope to be found

Stop before you start believin'
That all our hope is gone
Cause I know there's a reason
To why we're holdin' on

And when you walked into my life I realized
Oh no one else took me by surprise

I believe/I believe you
You want it too/Oh you want it
You'll know the way/Know the way.
Yes the way I feel and I care
Someday/Oh yes I care
Know the truth/I believe
I believe/I believe in me and you

It's a strange situation
But we can work it out
With love's blind determination
There can be no doubt
Well I know there's a solution

Right here in our hands
Then the lonely, lonely hours we've wasted
Won't be back again

And when you walked into my life I realized
No one else took me by surprise, I believe

I believe/Oh I believe you
You want it too/Oh you want it
You'll know the way/Know the way.
Yes the way I feel and I care
Someday/Oh yes I care
Know the truth/I believe
I believe/I believe in me and you

Oh I believe
I believe/I believe you
You want it too/Oh you want it
You'll know the way/Know the way,
Yes the way I feel and I care
Someday/Oh someday you'll know
Know the truth/Know the truth that I
I believe/I believe in me and you
Believe it
