Like every tree stands on its own
Reaching for the sky I stand alone.
I share my world with no one else.
All by myself I stand alone.

I know the sound of each rock and stone
And I embrace what others feel.
You are not to roam in this forgotten place,
Just the likes of me, you're welcome here.
Everything breathes and I know each breath
For me it means life for others it's death.
It's perfectly balanced, perfectly planned,
More than enough for this man.

Like every tree stands on its own
Reaching for the sky I stand alone.
I share my world with no one else.
All by myself I stand alone.

I've seen your world with these very eyes
Don't come any closer, don't even try
I've felt all the pain and heard all the lies
But in my world there's no compromise

Like every tree stands on its own
Reaching for the sky I stand alone.
I share my world with no one else.
All by myself I stand alone.
