You should've been gone
Knowing how I made you feel
And I should've been gone
After all your words of steel
Oh I must've been a dreamer
And I must've been someone else
And we should've been over

Oh Sherrie, our love
Holds on, holds on
Oh Sherrie, our love
Holds on, holds on

But I want to let go
You'll go on hurting me
You'd be better off alone
If I'm not who you thought I'd be

But you know that there's a fever
Oh that you'll never find nowhere else
Can't you feel it burning on and on

Chorus

But I should've been gone
Long ago, far away
And you should've been gone
Now I know just why you stay

Chorus
