Looking down I watch the night  
Running from the sun  
Orphan stars and city lights  
Fading one by one  
Oh sweet memories  
I call on you now

Two too many hearts been broke  
Along this lonely road  
Steel grey eyes can shine the lies  
Until they look like gold  
Cold city sidewalks can turn your heart to stone  
The street won't defeat me  
Cause I've got the will I'll survive  
I don't mind runnin' alone

I believe that every soul  
Has a song to sing  
The spirit's locked in every man  
Waiting for a wing  
Oh so much is wasted  
And oh so little used  
The trick of the dreamer  
Is keeping yourself from the blues  
And I don't mind runnin'

Everyone's a hero  
If you want to be  
Everyone's a prisoner  
Holding their own key  
Every step I take  
Every move I make  
Always one step closer  
I don't mind runnin' alone

Laughing children echo down  
The concrete alleyways  
Oh their voices  
Calling, calling, calling yesterday  
Oh sweet memories  
Returning to me now

When young eyes saw clearly

Everyone's a hero  
It you want to be  
Everyone's a prisoner  
Holding their own key  
Every step I take  
Every move I make  
Always one step closer  
I don't mind runnin' alone
