After the lovin', after the evening

Darlin' you're so deceiving, I know

I don't believe it you've got the answer

Darlin' it's soul disaster, I know

Tuesday heartache

Love comes, love goes

One day hard times

Too long ago -

I don't believe you, when you say darlin'

It's somethin' so alarmin', oh I know

I wanna love ya

You want disaster, darling it's all-

All the last time

Tuesday, heartache

Love comes, love goes

I don't show it, but someone's been told

Maybe, we're there, no don't you go

Tuesday heartache,

Love sounds unfold

Oo take your time baby

Tuesday, heartache

Love comes, love goes

Tuesday, heartache, don't go away

(Tuesday heartache) no don't you go away

(Tuesday heartache) don't go away

When someone's deceiving they fall

Oh ya -

It's all right, all right

Fall yes

After the lovin', after the evening

Oo - when someone's deceiving they fall

When someone's deceiving they fall

Oh - no

So deceiving -

With someone, someone, someone

They fall
