"NIGHTFALL OF MIND"

Visit "[NIGHTFALL OF MIND](#)" on MotoLyrics.com

since your first breath you're not alone
observing your way, it's my joy and elixir of life
you think you are free and that's my path
you feel so sure - isn't it ?!
when your time has come
I will break your neck
from the underground
of your infected brain
nightfall of mind
I suffocate all who are blind inside
no chance to escape, no place to hide, you're my next
trophy
you spend most time to search for me
not knowing why - isn't it ?!
when your time has come ...
want you hear me now - my last goodbye
I'm your human mind, your life passed by
my name is dullness, is ignorance
is all kind of fear of searching for your lost inborn
morality
I am the tumour of your heart of stone
coroding your sense of wrong and right

when your time has come
