Part 1 : The awaking

now we are standing on this land

hail the new age

the maker down on earth us send

to fight us till the end

pocket full of sun

all we ever want

pocket full of dream

on the first day

conquer the land across my eyes

to settle under the smiling skies

no-one can take us our sun

shining of lands of unconcerned

freedom - deceitful mantle over mankind

fading when time is near

justice - still more than an absurd idea

dumbing once and for all

pocket full of lies

see you when you die

pocket full of weep

on the first day

Part 2: The destiny or The laughter hovers high  
screams, shots and the smell of blood in air  
confusion of anxious men  
arms of death destroying the peace of mind  
the holy time seems to die  
here comes the fear, blowing your mind away  
prepare of the day of wrath  
black is the ground and now it's time to pay  
welcome to the second day  
praise the horned, temptation of mind has turned  
man into soulless slaves  
see yourself standing on the edge of life  
deciding the right way  
one into black of night  
capitulation of the weak  
one into the light of truth  
delivering of spirit and of soul

Part 3: But the truth remains ...

and I looked, and behold a pale horse, and his name  
that sat on him  
was death and hell followed with him  
and power was given unto them over the fourth part of  
the earth, to kill with sword,  
and with hunger, and with death, and with the beasts  
of the earth  
but the faithful and true came down  
on a horse white as snow and eyes of burning flames

on his head many crowns and a vesture dipped in  
blood

and his name is called the word of god

smite the nations with your sharp sword

wrath of almighty god
