He takes darkness and turns it into light  
He takes sorrow and makes it alright  
He holds our hearts, not just when their broken, no  
We're in His arms and He will never let us go  
He's our Father, we're His children

From the sun coming up to the sun going down  
Every breath, we breathe in and breathe out  
Blessings are given as we are living for Jesus  
He's the beginning and He is the end  
He will be faithful again and again  
We give Him praise for all the ways He loves us

Who would come down from a heavenly throne  
To be humbled and to make our world His home  
What redemption, oh, He chose a cross to save  
What affection, He died in our place  
His grace is always reaching

From the sun coming up to the sun going down  
Every breath, we breathe in and breathe out  
Blessings are given as we are living for Jesus  
He's the beginning and He is the end  
He will be faithful again and again  
We give Him praise for all the ways He loves us

He gave His life away  
We worship unashamed

From the sun coming up to the sun going down  
Every breath, we breathe in and breathe out  
Blessings are given as we are living for Jesus  
He's the beginning and He is the end  
He will be faithful again and again  
We give Him praise for all the ways He loves us  
For all the ways He loves us  
For all the ways He loves us

He loves, he loves, he loves, he loves  
He loves, he loves, he loves, he loves us
