Don't you dare tell me i am the reason we are here
I spend enough sleepless nights in this bed
To know this isn't just all in my head.

D-d-d-don't you say
That I'm ruining what we've made
We know enough to know we're both to blame
It's like you're leaving but you don't know the way

I can't believe myself
I'm wishing to be anyone else
And I'm feeling like all this hell might change
something good
In the end

Why you intentionally say goodbye
If this mess were up to me, we'd see eye-to-eye
But you get bored and run from the honest life
Sometimes it's where you're making me lose my mind

I can't believe myself
I'm wishing to be anyone else
And I'm feeling like all this hell might change
something good

It was the days waiting for you alone in the rain
Take me back to the top when I wish you could stay
Now I'm here
It's the first step where I watch you fade away

I can't believe myself
I'm wishing to be anyone else
And I'm feeling like all this hell might change
something good
In the end

Oh my god, this town, it feels like a headache...
You were a safe bet.. a safe bet..
I'm falling in and out of love.. finally stopping what we
were made of...
