I'm a teenage Jesus superstar
Without a mighty cross to bear
And when Mom complains about my hair
I say, "Hey, Mom I just don't care"

I'm in Hell and the angels cry
'Cause I'm trying to sell my soul
And when Mom complains about my clothes
I say, "Hey Mom, leave me alone"

Come on little girl, it's gonna be alright
Come on little girl, it's gonna be alright
I got one thing on my mind girl
I got one thing on my mind and I don't care

Come on little girl, it's gonna be alright
Come on little girl, it's gonna be alright
I got one thing on my mind girl
I got one thing on my mind and I don't care

I'm a teenage Jesus superstar
Without a mighty cross to bear
And when Mom complains about my hair
I say, "Hey, Mom, I just don't care"

I'm in Hell and the angels cry
'Cause I'm trying to sell my soul
And when Mom complains about my clothes
I say, "Hey, Mom, leave me alone"

I'm a teenage Jesus superstar
I'm a teenage Jesus superstar
I'm a teenage Jesus superstar
