Come wind, come rain, we're off again  
Our muddy boots plod down the lane  
The snow has snowed, now the grass has grown  
And it's time that we were on the road

Hey, ho, the wind and the rain  
The passers-by wave their arms and grin

Come wind, come rain, we're off again  
Our muddy boots plod down the lane  
The mare is shod, the miles untrod  
Between us and the land of God

We're on our way and everyday  
Is another ten miles and an armful of hay  
Hey, ho, the wind and the rain  
Another ten miles and a bucket of grain
