[Chorus: Pete Rock]

If the world comprehended at the same level all sense  
would be common

Some will late bloom some have impecable timing, I  
said I did it with precision

And please dont try to duplicate this rendition (x2)

[Papoose]

I'm the mixtape artist of the year, hip hop quotable of  
the month

I'm the DVD most promotional on the front

Most call me Papoose, you could call me

what you want every Thursday, the Drama Hour

I opened up when that storm hit the south and New  
Orleans sunk

Me and Kanye the only MC's who spoke up

Taught you how to play monopoly, rise from the streets

Who am I? I'm the hip hop police - they was undercover

But I made them look obvious now they some lost souls  
they souls is bodyless from chest to hustle hard

You heard that track? (I heard that)

God damnit I brought Green Lantern back

I'm the female rapper's favorite male rapper

Dropped 10 mixtapes, I gave y'all chapters

Say my name when you sneeze, Pap it's a blessing

and honor to be in this session Pete Rock is a legend

[Chorus] - 2X

[Papoose]

I'm the callin' the stress of a guns melancholy

high watchin' the judge objectify me

I ever get wet I'm hopin' the sunset will dry me

real thugs will come clever wisely, I was always ahead  
of myself

So now I'm one step behind me

when it comes to thoroughcation my son's reppin' lively

Even momma's boy carry they guns next to mommy

they got jails with more sales than omni

These funny dogs say money talks

none of my funds never polly, copt one lick shot

None of my tongues never tie me  
shotgun gun shots spread when they plunge from the  
shotty  
I doubt if the suns ever try me  
cause all my niggas got bodies on they guns  
Guns on they bodies  
These hard punks want what they battery charged up  
Claim they got big balls yet they really large cunts  
since it's everyday war when I spark up  
I mix the green weed with brown & smoke a  
camoflaug blunt

[Chorus] - 2X

"Now put that in your pipe and smoke it!"
