Where do i put the shame?
It feels like a broken toy
I can't play with anymore
Where do i put the hate?
To a pixilated screen
I can't watch anymore
All i know is that i'm here
Drifting somewhere in the vast
Somewhere in eternity
And i never want to leave
Where do i put the books
There's so many i could read
But they all are filled with lies
Where do i put the lies
There's so many i could say
But it seems they're in the books
I have faith that you're out there
Living high up in the vast
Somewhere in eternity
And you're never going to leave
Have i been telling lies to myself?
Hold me now
You know i'm so afraid to be
At all
Have i been telling lies to myself?
Hold me now
You know i'm so afraid to love
At all
I looked up and i saw the moon
Is it the same one that betrayed you?
I looked up and i saw my place
I looked in and i felt no hate
Where do i put the love?
Where do i put the love?
