Abercrombie Zombie  
Where's your credit card?  
Driving to the outlet mall  
In your Daddy's car

It's a new Ferrari  
It's got sparkly wheels  
It makes you feel important  
You like the way that feels

Abercrombie Zombie  
You're a lucky girl  
But your so concieted  
You think you own the world  
You have a lot of friends  
But they talk behind your back  
They say that you pretend  
You have something that you lack

Abercrombie Zombie  
Sorry how you act  
You wish that you could change  
But it's a little late for that
