When Johnny was young,
He liked to make a sound
He liked to get around
He liked to get around
When Johnny was young
He like to show them how
How he played those songs real good

When Johnny was young
they said he was full of bricks
they said "why do you do this?"
He said "I do it just for kicks."
Kitty was young
She liked how songs were sung
She liked to write them down,
She liked to get it done

When Johnny was young,
He liked to make a sound
He liked to get around
He liked to get around
When Johnny was young
He like to show them how
How he played those songs real good
Real Good
Real Good
Real Good
