Skeletons in my closet  
They peek out of my closet  
Darkening my days  
Darkening my days  
Skeletons in my closet  
They peek out of my closet  
Darkening my days  
Darkening my days

I'll tell them to plan and pack  
Ill tell them to go and never ever come back  
And the clouds over my closet will lift  
And those skeletons will know where they belong

Skeletons in my closet  
And I cannot clean it  
Ses them hanging on the clothes  
See them hanging on the clothes

I'll tell them to plan and pack  
Ill tell them to go and never ever come back  
And the clouds over my closet will lift  
And those skeletons will know where they belong

I'll tell them to plan and pack  
Ill tell them to go and never ever come back  
And the clouds over my closet will lift  
And those skeletons will know where they belong
