Have you heard?
Have you tried to understand?
It's all right
It gets easier with time

How are you?
Are you ever coming back?
I have changed
And I realized I was wrong

I was wrong
Now I'll never see your face...anymore
Oh my love, I'd give anything
For one more day with you

I'm getting through
I wish you felt the way I do
I have changed
And I realized I've was wrong

I was wrong
Now I'll never see your face...anymore
Oh my love, I'd give anything
For one more day with you

I was wrong, I was wrong
Now I'll never see your face...anymore
Oh my love, I'd do anything
For one more day with you

I'd do anything
For one more day...
I'd give anything for one more day with you
