Working in fields with the sweat on my brow gets so
lonely
Untill i thing about my seniorita back at home
This week i'll have enough cash to buy clothes for my
children
Workin all day in fields to bring it all back home.(I am a
prisoner)

I live to see the day
He comes upon a horse
I live to see the day he comes for me (I live to see the
day he comes for me)

They drive and the sneer in their Mercedes Benz its
one hundred
Like I'm some pet who is there just to bring them their
roses (I am a prisoner)
I spent a year living in an old van with no engine
I do it all for my seniorita down in Mexico (I am a
prisoner)

I live to see the day she comes upon a horse
I live to see the day she comes for me (I am a prisoner)
I live to see the day she comes upon a horse
I live to see the day she comes for me (I live to see the
day)

I am a prisoner
Im losing my mind
I am losing sense of my manhood
I cannot find the shade to cool my anger down
My first son jesus was born under a bridge around
Broadway
He's living with a seniorita down in mexico (I am a
prisoner)

I live to see the day she comes upon a horse
I live to see the day she comes for me (I am a prisoner)
I live to see the day she comes upon a horse
I live to see the day she comes for me
