Sorrow
Sorrow - since you left me
Sorrow
Sorrow - in my heart
I just can't believe it's over
I never could have dreamed that we would part

Sorrow
Sorrow - in the morning
Sorrow
Sorrow - late at night
Like a ship without a sailor
That's how I am without your arms
To hold me tight

Do you remember those happy days
The happy days that we shared
I just had to look at you
And I knew that you cared
I thought I would spend those happy days
Loving you my whole life through
There was such happiness then
And now - there's only

Sorrow
Sorrow all around me
Sorrow
Sorrow through and through
If I live a hundred live times
I'll never realize that I am losing you

Do you remember those happy days
The happy days that we shared
I just had to look at you
And I knew that you cared
I thought I would spend those happy days
Loving you my whole life through
There was such happiness then
And now - there's only
Sorrow
Sorrow
