Every time you look at me, me, me  
Every time you look at me

Every time you look at me  
You make my heart skip a beat  
Everything is meant to be  
And tonight is all we need  
[x2]

That's all we need  
That's all we need  
It's all we need  
Tonight is all we need

It's Saturday night and we just got paid  
So get your freak on like it's some masquerade  
I got my European swag from overseas  
Go put your hands up like it's a robbery

Every time you look at me  
You make my heart skip a beat  
Everything is meant to be  
And tonight is all we need  
[x2]

It's Saturday night and we just got paid  
So get your freak on like it's some masquerade  
I got my European swag from overseas  
Go put your hands up like it's a robbery

Jump up around  
Turn and look around  
Jump up around

Jump up around  
Turn and look around  
Jump up around

Every time you look at me  
Everything is meant to be  
[x2]

Every time you look at me  
You make my heart skip a beat  
Everything is meant to be  
And tonight is all we need  
[x2]

It's Saturday night and we just got paid  
So get your freak on like it's some masquerade  
I got my European swag from overseas  
Go put your hands up like it's a robbery

Every time you look at me  
Everything is meant to be  
[x2]

(And tonight is all we need)

Every time you look at me  
You make my heart skip a beat  
Everything is meant to be  
And tonight is all we need
