If it's that new shit, if it's that trill shit, you're getting it  
from the LA Leakers  
Get it while this getting is good  
It's LA Leaker shit, it's on fire right now  
Yea that's right man, halla at us  
You know we got erryting  
All the hot records, all the exclusive records  
I ain't gotta say no more man, do what you do

Fuck you, pay me - that's what I'm all about  
You rappers, lazy, y'all sittin on the couch  
T O E S T bitch I'm on the grind  
I'm out here getting mine, I said it's about damn time

I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya

Yea, I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in

Please excuse me girl, I'm sorry, we had one too many  
drinks  
I swear every time I'm rappin that's in there we do this  
thing  
We just do it as we please, we some motherfuckin  
kings  
And if you do not agree then get the fuck up out my  
way  
All this time we spent talkin, it's all the time wasted  
Look into my eyes and can you tell that I'm so faded?  
I'm like damn right I made it and I'm happy that you did  
too  
I might take you back to my bedroom, that's what that  
you girls gon lye to

I got too much to lose to be doing something stupid  
I got too much to do to be doing something useless

With my top bitch I'm on fly  
Fuck you pay me that's why I die  
Better make a move before I come get ya  
Shit is just a warning, I ain't fired shots  
I think it's time to get on my level  
I swear I'm the head of my class  
I don't really care about what you've done  
So please don't judge me now but my past  
Yea I hug the block and I hold supply  
Back in high school I was that guy  
Why the fuck you get to call that high school? Everyone  
in that bitch was high  
I ain't with the shit you talkin  
Tell me, did you think I'm a threat?  
You know that you don't make dollars  
And you don't make sense (cents)  
So you don't make shit, I'm onto something that don't  
come quick  
Have more weed and that's fuck you pay me  
Take your dollars, say fuck the split

Fuck you, pay me - that's what I'm all about  
You rappers, lazy, y'all sittin on the couch  
T O E S T bitch I'm on the grind  
I'm out here getting mine, I said it's about damn time

I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya  
I'mma go, I'mma get it, then give it to ya

Yea, I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in  
I'm getting it, I'm getting it in
