Featuring Jennifer Chung

See you on the other side  
See you on the other side

I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side  
I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side

Is this a dream? Is it not what it seems?  
Are we getting ahead? Are we obtaining what we need  
I got a hundred on roulette, on the same color I bleed  
Hoping if I win this shit  
It's gon' put me back at ease  
So forgive me if I sin  
I swear they always ask where I been  
Well...I guess it all depends  
I be parlaying with fam  
BS'ing with friends  
Living life chasing a dream that I swear would never  
end  
But it does, and when its time its toast to the above  
For giving me a chance to just continue what I love  
I'm doing what it does  
So for the hell of it, let's celebrate  
Because anything between me and my dreams is  
Irrelevant.

I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side  
I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side

See you on the other side  
See you on the other side

Now am I repping for my city? Only time can tell  
Been dreaming 'bout this lifestyle since I was like  
twelve  
Hopping out of airplanes and into hotels  
Room service reminding' of how our shit propelled  
I told my mama I'll be back  
I kissed her goodbye  
yea she taught me how to love and always apply  
Your consumers are your fans, you needa supply  
And when they out there showing love  
You needa reply  
I'm in the building with my boys  
We ride till we die  
They keep my toes on the ground  
My head in the sky  
I look a hater in the face, and dead in the eyes  
Tell em' one day I'mma make it, and don't be  
surprised.

I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side  
I got dreams, I got dreams, I got means  
I've got the things to get me where I need to be  
So don't cry, don't cry I'll be alright.  
I'll see you on the other side

See you on the other side  
See you on the other side
