"The Only One"

Everything is split in two
every place leads back to you
the only one
the only one
love and live and searching for
what's behind every door
the only one
the only one
and I see the wide silver moon and the slow setting sun
I can see the flower in bloom and the finger on the
trigger of the gun

everything is split in two
every place leads back to you
the only one
the only one
love and live and searching for
what's behind every door
the only one
the only one
and I see the roads I can choose and a million different
views
I can see the forest with all the trees and the changing
of all the seasons

Echad, Echad, U'Shmo Echad, The Only One, The Only
One
Echad, Echad, U'Shmo Echad, The Only One, The Only
One
Echad, Echad, U'Shmo Echad, The Only One, The Only
One
Echad, Echad, U'Shmo Echad, The Only One, The Only
One

And I feel two hands upon the face of the whole human
race
where I dream that all thoughts they blend where I stop
and where you begin
