Oh juicy juicy green grass (juicy juicy green grass)
Where have you go-one (where have you go-one)
Will you come ba-ack (will you come ba-ack)
Oh juicy juicy green grass (juicy juicy green grass)

Summer's been so dry-y (summer's been so dry-y)
Turned you into brow-own (turned you into brow-own)
Oh will you come ba-ack (will you come ba-ack)
Oh juicy juicy green grass (Juicy juicy green grass)

I'm so hungry now
My tummy's rumblin' 'round
I'd better take a rest
I'd better go and lie down
I've never been so hungry
I've never been so hungry
I've never been so hungry before...

Juicy juicy green grass (juicy juicy green grass)
How I love to chew you (how I love to chew you)
So will you come ba-ack (will you come ba-ack)
Oh juicy juicy green grass (juicy juicy green grass)

I really really need you (really really need you)
For breakfast, lunch and tea-ea (breakfast, lunch and tea-ea)
So will you come back (will you come ba-ack)
Oh juicy juicy green grass (juicy juicy green grass)

I'm so hungry now
My tummy's rumblin' 'round
I'd better take a rest
I'd better go and lie down
I've never been so hungry
I've never been so hungry
I've never been so hungry before...
